

Sharlene's Visions: The Last Trump?

A friend sent me an email of Sharlene's visions and we've been corresponding ever since. Sharlene lives in Canada and has been having visions on and off since 2016. Lately they have seemed very end time prophetic in nature and the Lord has revealed to her that she should post them publicly.

Vision #8 - Trump flies to sign a Treaty

01/13/18 Morning prayer

Same as all the others in the Throne Room of Jesus. This time I was seeing other people viewing what I was looking at in heaven! I saw them look at that gigantic screen which was several stories high. I didn't see any faces as I was too far away. It seems I was looking down at the scene from a higher up point of view. Then I looked ahead at the screen and saw your President Donald Trump. He was walking down the steps of a parked jet and walked across a tarmac where he met Prime Minister Benjamin Netanyahu and shook his hand. I didn't hear any talking but I understood that this meeting had something to do in relation to a treaty

Hope note - it appears that Trump will be leaving the WH in order to sign a treaty...this is a new piece of information!

Vision #9 - Treaty Signing

01/13/18 Evg prayer

Same routine. I saw President Trump standing behind and beside a seated Prime Minister Netanyahu at a very lovely and large (meant for a king-type) table who was signing what appeared to be an important document. There were flashes going off and I could hear them as journalists were continuously taking pictures. Then a certain dignitary walked in from my right and proceeded to shake President Trump's hand. He was Arabic in appearance, wearing a white robe and a checkered type head covering. He had a short dark beard. It was a side profile and I didn't recognize him. Interestingly, I saw Trump's son-in-law standing in the corner (my right or their left) from the table. Beside him, stood a man shrouded in darkness; a man of mystery. I knew he was wearing a suit but I couldn't identify him. I actually asked Jesus about this man and He said: **"It's not the time to know that yet "**. I was wondering if the man was the antichrist but I didn't receive a confirmation of yes or no.

Hope note - I added the link of the possible "Arab "...he sure is wearing the clothes! And the AC may be the one in the shadows because he has not yet been revealed: "For the secret power of lawlessness is already at work; but the one who now holds it back will continue to do so till he is taken out of the way. And then

the lawless one will be revealed, whom the Lord Jesus will overthrow with the breath of his mouth and destroy by the splendor of his coming.” 2 Thess 2:7-8

Vision #29 - The Shot heard Round the World

02/17/18 Late evg.

The Vision Room - After the Throne Room time, I am aware that Jesus is there to let me know there is another vision to view. Going down the staircase, I look to my left this time I could see an expanse open area, more than I ever saw before. I also saw a couple more gigantic white pillars in the distance which are in a row but spaced far apart. The floor is beautiful as it appears white, pearly-gold and it shimmered. (it's difficult to describe) and I know I see it because of God's glory who is the source of the light. As I'm looking and still walking down the grand staircase, I can see a few saints, I'd say less than 5, wearing white robes that are dwarfed by the pillar I have often seen in the foreground to my left about my 9 o'clock as they walk by towards the vision area. The grand open area reminds me of a beautiful ball room but 10x the size. The vision room area has other Believers/saints who remain veiled but I believe they are wearing robes. My friend is there too in the back waiting for me. We turn to face the screen.

Trump - It opens with seeing a beautiful waterfall. Then the scene changed to show President Donald Trump speaking behind a podium on a stage as he is addressing some kind of outdoor function. He is wearing a suit. His wife is behind him sitting to his left (wearing high heeled shoes. I'm not sure why I saw that) with what looks like many possible dignitaries or agents that protect him. It is breezy as I see his hair tussled by the wind. Suddenly I see The President get shot! It looks like he's hit in the right side of his chest/shoulder area possibly. It was hard to tell. It happened so fast. The view changed to me seeing a side view of the stage to Trump's left, and watching him fall to the ground. There is screaming, and running and people are moving fast as I see agents immediately surround him. There are also people surrounding the President's wife. There is chaos and screaming as people are running looking for cover. I didn't see another shot. There was only one. I asked Jesus if the President dies and He replied "No" but then He said to "Pray for his protection." My understanding is that there is a planning for an attempt on his life and we need to pray for Trump's protection. Prayer changes outcomes. Also Jesus didn't clarify what the waterfall has to do with the President's attempt on his life. Please cover your president with prayer!

Vision #40 - Trump Follow-up

03/11/18 Sun evg

From the Throne Room I went my usual path to view the visions. It opened up to what I thought may be an explosion in the sky; possibly some kind of solar or cosmic event? I saw many massive flares bursting

[Back to Table of Contents](#)

outward all around which might have been from the sun? I didn't get confirmation on that. I'm wondering if this event occurs before that.

I'm about to see. The picture changed to a hospital scene. It was evening and the sun was beginning to set. I saw black figures propelling themselves from the top down the side of what looked like a red or brown bricked hospital building. Maybe 3 figures. I understood they are assassins. The scene reminded me of an action/military movie. Then swat teams shows up and ran into the building at the ER entrance which is to my lower right (5 o'clock position). I am midair looking at the hospital and in order to see most of the building I have to see it from a bit of a distance. The scene changes to the President in a hospital bed and the room is well guarded; there are people; agents, staff, military in and out of the room- they are everywhere! It appears there is chaos and confusion in the hospital after the swat teams burst on the scene. I understood that this is created as part of the deception as there are still plans for another assassination attempt of the President's life. Someone betrays Trump from within the military. I see someone dressed in dark military garb at the end of a hallway of the hospital talking to someone by an exit door to the stairs. There is smoke or fog in the hallway- maybe tear gas? Jesus says that **"We need to continue to pray for his (Trump's) protection."** This vision is related to the [vision #29](#) Feb 17/18.

Vision #42 - A Nation Mourns

Mar 14/18 pm

I was in the Throne Room and just before I turned to go down the stairs, (I was facing the right corner of Jesus on His Throne) I looked to my right and saw others worshiping close to the steps that go up to the stage where Jesus sits on His Mercy Seat. I waved and someone waved back but I didn't see their face. Going down the stairs, I saw my friend, and as I was walking towards her, I happen to look down at my feet and I was barefoot and wearing sandals! I also saw the hem of my white robe! I've never noticed that before! That's new. Wow! Also the floor appeared smoother today. I saw also my friend a little more clearly and she is very young, like how she looked when she got married. (I was at that wedding) We turned to look at the screen.

My view opened to see a massive cemetery with thousands of white crosses in rows, each one marked with a soldier's name. They reminded me of the crosses from WWII. There were so many! A soldier wearing a dark uniform and a red cap was standing in front of the cemetery to my left and was playing a trumpet or horn. I heard him play taps- that music that they play when a soldier has passed away in battle. I understood that all of America could hear it. It was like a national funeral service. I saw an American flag flown half-mast nearby. In the distance to my right were many people attending, all wearing black; dresses, suits like what you would wear at a formal funeral. There were many black cars, with dignitaries and families of the soldiers standing, weeping, mourning. It was so sad; so much sorrow. A man was speaking behind a pulpit, addressing the families of the fallen soldiers and the nation. He was too far away for me to recognize him. He may have been a pastor or minister as he was trying to speak words of

[Back to Table of Contents](#)

comfort and encouragement. He wasn't wearing a uniform. I understood this vision was connected to [vision #22](#) Feb 4/18 (Hope note - I sent Sharlene a link to Arlington Ntl Cem and she had not heard of it)

Vision #43 - A Call to Be Ready

Vision #50 - Trump...To Be?

03/30/18

This is a strange vision. I was in the Throne Room and went to the vision area as always, greeting my friend and others from the area but not seeing clearly any faces.

The vision opened up to President Trump lying a hospital bed and it looked like he had been shot in the head just above his right eyebrow in his forehead. There was blood around the hole. He appeared dead. Then he sat up and I heard him say something like "They think I'm dead, but I'm very much alive!" The picture changed and I saw him standing by the bed wearing a dark suit and then turn to walk out of the room and down the hallway. My perspective was me standing in the room at the 5 o'clock position while his back was to me as he walked away. I asked Jesus what was going on here, as I was baffled. I was wondering if the administration foiled an assassination attempt? I think I understood that he doesn't die and that it was a set up. I am not at peace with this. It is so terribly strange. I am not understanding it as it appears he is dead but his response says otherwise. I will pray for confirmation and more understanding. I know it is connected with [vision #40](#) (see [Vision 51](#) for clarity)

Vision #51 - Trump...Or Not to Be?

Mar 31/18 evg

After a good time praying and spending time in my garden with Jesus, I understood that Trump is not dead in vision #50. Jesus says the prayers of the people change outcomes. Keep praying for him. I have peace about that.

From there I went to the Throne Room and walked to the vision area. Greeted my friend and the others in the area in the name of Jesus. I still can't see any faces clearly.

The vision opened up to see President Trump wearing a dark suit walking down the hallway of the hospital I had just previously seen in my last [vision #50](#). My perspective was different as I was in the foreground at the 5 o'clock position and he was walking out of the room on my left at the 11 o'clock position and down the hallway as if towards me. He proceeded to an exit at the end of the hallway, and walked down a few flights of stairs. There was a large black car waiting for him as he exited the building. It looked like a dignitary car. In the back seat of the car was also Vice President Mike Pence. Trump says: "What's the next order of business?" The car drove down a highway and drives up to the White House and goes through the

[Back to Table of Contents](#)

front gate, completely surprising the guard. There's something really off with the guards reaction- not just that he wasn't expecting the President but that fact that the President was alive. The scene changes and his family meet him on the lawn in front and there are hugs all around. The White House is in a tizzy. People are dashing and running. There is a person standing in a window, not too happy about what they see. Not sure who it is but a woman comes to mind. I'll refrain from mentioning her name as I wasn't 100% sure and Jesus didn't confirm her identity.

Vision #55 - Cry Havoc and let slip the Dogs of War (2 visions together)

04/12/18

I see myself once again walking down the stairs from below in the expanse area. The staircase is large and white. I think I could put at least 5 of me across a step. As I'm watching me walk down the steps, I notice an angel standing on the top of the stairs. He has golden armour on with some red- maybe a red belt? (I asked my cousin about the angel and she said that the red is part of his breast plate and is shaped like a diamond. Cool!) His hair is dark. His wings are folded behind him but the tips of them stick up far above his head. I greet my friend and walk the short path to the vision area where all the others have gathered. They are all wearing white robes. I stay in the back with my friend and the vision opens up to smoke from a battle.

I see missiles in the air flying from left to right from ships in a sea and missiles flying from right to left as if they are firing at each other. There is a man that fills the right corner of the screen. I remember him from [vision #10](#). He has short black dark hair and has a dark mustache and a short dark beard.(but I saw mostly his thick dark mustache) I've seen him in a vision past regarding an attack on Israel as he was the military figure that stuck his head out of a military tank. He was some kind of military commander. I can see through the smoke that the ground is hilly, there is light coloured rock and sandy/dusty. I see a map of the Middle-East and there are black arrows that go from west towards Israel and arrows that go east from Iran/Syria towards Israel. It seems Israel is caught in the cross fire. There is a lot of smoke but I don't sense a lot of destruction. The picture changes and I see Trump standing on my left wearing a suit but I can't see who he is talking to. He's moving his hand while he's talking; pointing with his index finger and saying "We can't allow this to continue." Then I see pictures of Putin and the president of Iran—Hassan Rouhani. That is all I saw. Jesus didn't confirm when this will happen or if there's more. (Hope note - [see vision 56](#))

Vision #59 - Trump, Obama, and the AC - OH MY!

04/18/18 Wed.evg

It seems that I am watching me more than me seeing things as me. I watch myself walk down the grand staircase from the Throne Room. I see that Jesus is watching me and encouraging me as I am seeing this from below standing in that expanse area. I watch me greet my friend and proceed to the vision area. Everything looks the same.

[Back to Table of Contents](#)

The vision opens with President Trump speaking at some kind of meeting. I see evil lurking from behind him (actual demonic entities of several kinds) I understood Jesus was telling me that he still needs prayer against spiritual attack on a political and personal level through different means like media, false testimony, distraction stories etc. Then the perspective changes and I see Obama speaking from a seated position in a gallery. I've seen this gallery before in vision #53. He had his own microphone to speak into. There were others seated in front, beside and behind him in a slightly curved rows. He was addressing some kind of organization. Then I was focused on a man seated behind him to his right that looked familiar to me. He was wearing a suit and his face was blurred. I understood that he is the man of mystery. I have seen him a couple of times before in other visions as well. Then a picture of that building that I've seen in vision #53- which looks partly like the tower of babel in Brussels, fills the screen. I understood that what I'm seeing is set before the rise of the antichrist. There is no confirmation of time frame. I asked Jesus if this has to do with the NWO? He replied: "Yes ". Obama is speaking and I understood he is speaking with authority but not complete authority. I asked Jesus if I need to hear what Obama is saying and He replied: "No." Is Obama speaking lies? Jesus replied: "Yes ". I understood that he has been voted into this position and will receive more authority yet. I understand that Obama has ulterior motives which are evil but he is not the ac. Jesus wanted to be understood that the ac is on the rise but he is not to be identified yet. I was wondering why I saw Trump first and I understood that there is a connection between him and Obama as Obama has evil intentions towards Trump which is why Jesus wants us to continue to pray for Trump.

Vision #64 - "There is no deal "

04/30/18 Mon evg

I walked down the stairs from the Throne Room on my regular path to the vision area. I greeted my friend and the other saints/believers and looked at the screen.

It opened up to President Trump in his oval office signing a paper with Mr Pence behind him and a few other government officials/dignitaries. I didn't see their faces. The President then said: "There is no deal." Then with both his arms and hands makes a gesture to show cancel.

Then in a different scene, I see him get up and shake the hand of PM Netanyahu as if in support. I see the face of Macron and a map of Europe and other nations as I understand that some leaders are not happy with what President Trump did.

(Hope note - maybe Iranian deal? Macron has just visited the states and had a discussion with Trump about this, [Macron also continues to push renegotiation](#) but is leaving out the oh so [important cache of Iranian nuclear data that Netanyahu just unveiled](#) ...and [gee what do we have here?!](#))

Vision #69 - More on The Attempt on Trump

05/10/18 Thurs. Evg

I'm standing with Jesus in the area where I have seen Him waiting for me as if we were going to that corridor. We didn't walk so I asked Him if there was a vision to see and He told me to go look. Somehow I got to the top of the stairs. I don't know how the place where Jesus was standing is connected to my regular path to the vision area.

The vision opened with an emergency helicopter flying away as fast as it could. Before it banked slightly right to fly away, I was in the air with it as it was rising and I looked down and I saw agents, dignitaries, people in suits, black vehicles surrounding the area where the helicopter had left. One particular person was standing there in a long spring coat type looking up with this hand over his brow as if to protect him from the wind of the helicopter as he was looking to watch it fly away. He was so concerned. I may have been approx 100' in the air already when I was looking down as the helicopter was rising. Just before it flew away to a hospital, I got to view into the helicopter and it looked like President Trump on the gurney! There were medics beside him. I asked Jesus if it was the President Trump and He replied "Yes." Does he die? "No." But I understood that there is an attempt on his life and Jesus said "You need to continue to pray for him."

Jesus then reminded me of [Dr. Patricia's teaching](#) where we need to declare scripture in our prayers of protection for him. (interestingly, I just watched the video regarding that teaching today- A time to pray, a time to declare! Wow. :-0) Is 54:17, Ps 91, Is 55:11 I understood that we are to use his name in the scripture. I did ask when this will happen and Jesus replied "Very soon." Prayer changes outcomes.

Vision #74 - Trump in Asia

05/23/18 Wed

After I was worshipping in the Throne Room, I see Jesus standing just beyond the right of the Throne Room area of Jesus' Mercy Seat. He's waiting for me so I walk towards Him, going down the 3 steps that I saw in the last vision and stood with Him. What He said is personal so I won't be sharing it. I asked if there was another vision to view and He turned and pointed almost behind Him in the direction I should go. I didn't see a lot as most of it was veiled but I know there were pillars to my far right. I'm not sure how far I walked to get to the stairs. They are the same stairs as the other. Looking down from the top of the stairs, I recognized the expanse area that I see from the other stairs. It's just like one HUGE ballroom. The pillars remain massive and are strategically positioned but not close together. At the bottom, I turned to my left and saw my friend far away waving at me. She was tiny so there was quite a distance between us. I walked to her passing a large pillar to my left which the bottom dwarfed me. My friend was still in the regular vision area and I saw the other stairs when I reached her as well as the rest of the group—Saints/Believers. I greeted her and the group and turned to look at the screen.

[Back to Table of Contents](#)

It opened up to a man of Southeastern Asian appearance. He was wearing a suit and addressing a large crowd from a podium on a stage. My perspective was in front of him. There was I believe, a banner behind him of some kind as well as green foliage. Then my perspective changed and I had a birds-eye view looking down on the stage. I saw Pres Trump walking across the stage from my left as the Asian dignitary was introducing him. I saw a few dignitaries sitting behind the podium to my left or their right. I saw Trump's hair blow in the wind a bit. I'm wondering if this occurs outdoors? Then I had a close up of him addressing the group and giving a speech. Then my perspective changed to the birds-eye view again and I heard a shot in the air and then commotion and chaos as people covered the President. I asked Jesus if this is somewhere in Asia and He replied "Yes." It is my understanding that there is an attempt on his life and we are to continue to pray for his safety.

Vision #83 - The End of Mike Pence?

06/17/18 Sun evg

I went from my time with Jesus in my new area of meeting which continues to be at that white marble-like bench. I had a long day and since I started my P & W and prayer time very late, I had the vision actually from there- in the area with the bench. I just looked and it began. This has happened before.

It opened up as a casket filled my view. It was closed and covered with some flowers. I understood that someone had died. The casket was sitting in a room- possibly in a church. The scene changed as I was in front of an older looking church- with steps to the front doors. There were many people gathered, wearing black, standing in a large area in front of the doors on top of the steps. I noticed a medium length white or blonde-haired-woman (middle aged) standing to my left; possibly a wife to one of the dignitaries attending. Not sure why I noticed her. I was too far away to see her face. I saw black cars parked in front of the steps which I understood were for the families in mourning and possibly dignitaries. There was someone standing between those black cars, talking on a personal device that was in his ear. He was pointing as if directing others like him. The scene changed again and I saw President Trump leave a helicopter and walk towards the funeral. I understood he was there to attend and support. He seemed sad as he walked with his head down. His wife was with him. I asked Jesus who was the person in the casket. I got a picture of Vice-President Mike Pence. Oh my.

Jesus said that his life is in danger and that the church needs to pray for him! **Prayer changes outcomes.** Pray against and cancel the assignment on him in Jesus name. I was then reminded of Dr Patricia's teaching of praying people in the scriptures. Is 54:17 immediately came to mind: *"...no weapon forged against (Mike Pence) will prevail, and (Mike Pence) will refute every tongue that accuses him. This is the heritage of the servants of the Lord, and this is (Mike Pence's) vindication from Me declares the Lord."*

Vision #84 - Attacked!

06/20/18 Wed evg

My beginning time in the Throne room was interrupted by another huge “glorious figure” who came before me and wanted me to get on the floor to worship him. (I was kneeling over my bed at the time which is what I always do when I am worshiping in the Throne Room.) Hmmmm. I thought, that’s odd—firstly, Jesus doesn’t look like that and God has never revealed Himself that way to me. Secondly, his voice was curt and demanding. God would never speak like that. I told it to say Jesus is Lord God. It couldn’t do it. The illusion was gone and suddenly I was fighting a huge serpent whom I’ve seen before. I knew this was satan and it was an attack. I was seeing me in this battle as if watching it like a movie. I had all my armour on and I was dwarfed by him as he began breathing fire on me. My shield was partially up and then I saw my angel rush in to intervene and was battling by my side. I saw my new sword that Jesus gave me last week and I saw me using it. I was trying to stab the evil one with it. The blade is silver and the handle is golden with gems on it. I don’t remember the end of the battle or how long it endured. In the vision it seemed like a few seconds. And I don’t know how many other angels were helping as I didn’t see them but I understood there was more help than I saw. I just knew it was over and the evil one was gone. I was back in the Throne Room worshiping Jesus on His Mercy Seat and everything was back to normal. Later, after my P&W and prayer time, I asked Jesus in my time at the bench what was that all about?! I was shocked at what I had seen yet not afraid. Jesus said that “the evil one is trying to trip you up. It’s nothing you did.” (I had thought that I had maybe prayed out of my jurisdiction again) He went on to say that I had “discerned correctly and needed help with battling.” Jesus will never leave us or forsake us. I understood satan doesn’t like what I’m doing so I must be doing something right! I saw my angel and turned to thank him for his help. I was so grateful. He nodded his head slightly in response and left. No speaking. Sigh. As I’m writing this I’m shaking my head and I thinking how crazy this looks and is like something out of a fantasy movie! It’s unbelievable. I sure wish I could draw...

I do have a regular vision to mention.

I met up with my friend and joined the other Believers/saints. The vision opened up to see Vice President Mike Pence—walking from my left moving across the screen towards a military dignitary standing with a group of family and shake his hand. They were outside and I understood it was a funeral- a military funeral. I saw President Trump there as well. Then the screen changed as I saw a battleship travelling in an ocean which went by me and continued into the open sea. I didn’t see any land or any objects in the water to give its location. I understood it was an American ship. Then suddenly I saw it attacked by a missile which came out of nowhere from the starboard side as my perspective was looking at the ship from the left stern and it was facing my 10 o’clock! The ship was on fire. It seem to come as a surprise. Then I saw an explosion- like fireworks as the ship was attacked again. The ship was sinking and I believe that some of it had been blown apart. I had wondered if this was part of vision [#22](#)- the attack on the US at sea I had seen before and Jesus said that this was a separate attack. There was only one ship involved with this vision. And unfortunately, there will be many deaths. Sigh. Russia has a hand in it; backing another nation.

Vision #86 - Behind the Scenes

06/24/18 Sun evg

After my time of P&W and prayer time in the Throne Room I went to meet with Jesus at the bench. He wanted to show me something, so I followed Him down a corridor, but I'm not sure how long we walked and most things were veiled except the white floor and a few pillars along the way. We came to a set of stairs that went up 3 steps and a new corridor. I looked to my right and the wall became full of gems! There were thousands! I saw sapphires, diamonds, rubies, emeralds and other precious stones of all different sizes and shapes. The wall kept going up and I didn't see its end. One of the sapphires I saw was the size of a basketball or even larger. I saw a diamond that was as large as my head! It's was very beautiful. And for the first time, I noticed that the floor was gleaming gold!! I looked down the corridor and it gleamed gloriously as far as my eye could see. I asked Jesus why He was showing me this as I had no desire to want any of it. It was a beautiful and stunning wall to me. I was thinking that this was part of our inheritance. Then thought of why I didn't desire any of the gems came to mind. And Jesus reminded of what I had just read in a book I'm reading by Jim Goll: "Whatever a man loves most, governs him....But if he loves God most, his character is divine." Jesus was teaching me that everyone has their areas that they struggle with. Mine is not worldly goods or money but I have my struggles of temptation that are different but still need to be kept in check. So when I see others; my family and friends that struggle differently than me, I must keep praying for them as I would pray for myself. Thank you Jesus for revealing Your heart to me this way.

I went down the stairs to the visions area. Greeted my friend and joined the others as always. It opened up with a jet circling a city as if to wait to land. I recognized Tel Aviv, Israel and the Mediterranean Sea. I understood that dignitaries were converging in Israel. Then the scene changed as I saw Trump speaking on the phone on the upper left corner of the screen and Kushner walking and talking on his cell on my right. Then I noticed the background blurred as if I wasn't supposed to see it. I understood that the man of mystery was somehow involved. The thought that Mr. Kushner is inadvertently being used by the man of mystery came to mind. It is my understanding that there is some kind of influence going on with Mr. Kushner by the man of mystery even if he's not in the picture. Jesus reminded me of vision [#9](#) I had in the past about a treaty being signed where Mr. Kushner was standing next to the man of mystery. Jesus said that we are to pray for Mr. Kushner that his eyes would be opened to the deception.

Vision #93 - The Ten Kings

07/28/18 Fri evg

After my time in the Throne Room, I went to the bench where Jesus was waiting but as I was being quiet with Him I noticed God who was manifested as a Lion and joined us. He was about the size of [Aslan](#) if I had to give a description. I just sat there in awe. I was grateful for the time I could spend there. I went to the vision area as always and greeted my 2 saint friends and we turned to watch the vision.

[Back to Table of Contents](#)

This vision was different. I was seeing myself in God's temple, standing very small in my heavenly robe looking at God's massive hand! I was on the right facing left. His hand was on the left side of the screen and it dwarfed me! It was His right hand and it was illuminated white/blue and was palm up with part of His fingers slightly curled like they were inviting. I saw part of the sleeve of His white robe near the wrist. I was standing on a white floor and there were a couple of those familiar tall pillars behind me. Everything else was veiled. Then I heard a voice say: **"I will have mercy on whom I will have mercy and I will have compassion on whom I will have compassion."**

Then I heard a question "Are you ready?" I was unsure what it meant. Then He gave me information. I heard Him say: **"The 10 kings are about to rise. They are gathering."** I left the vision a bit confused. I did look up the verse that was given to me which was stated by God to Moses in [Ex 33:19](#) and referenced by Paul in [Rom 9:15](#). I went to bed a bit confused. Sat evg, I asked God about it all again. I understood that He was showing me some of His goodness and glory and reminding me to go to Him when I am weary. I understood that his hand is also a place of perfect peace and rest. The question to me was regarding my personal spiritual level. God is still grooming and preparing me for something more but more will be expected of me—for example—in obedience- **"and in all, it will bring honour and glory to Him,"** He said. I asked about the information He gave me regarding the 10 kings. I understood that things are happening in Europe with the NWO as the 10 kings are rising and gathering. We are to continue to pray for Trump as they want him dead. We are also to continue to pray for PM Netanyahu and Israel.

Hope note - I was reminded of these verses that speak of the ten kings:

"As the toes were partly iron and partly clay, so this kingdom will be partly strong and partly brittle."

Daniel 2:42

"As for the ten horns, out of this kingdom ten kings will arise; and another will arise after them, and he will be different from the previous ones and will subdue three kings."

Daniel 7:24

"The ten horns you saw are ten kings who have not yet received a kingdom, but who for one hour will receive authority as kings along with the beast."

Revelation 17:12

Vision #94 - The White Rocket

07/31/18 Mon evg

Things are changing. Now when I'm praying before God I see myself wearing some kind of shawl over my head which drapes over my arms. I often see me from a bit of a distance away as I'm kneeling before God. So far I only see it white in colour. This is the place where I have seen God manifest as a Lion many times in the past and more recently I saw His hand. The area that I am in is very vast and of a huge expanse and

[Back to Table of Contents](#)

most of it is veiled to me. It is not the Throne Room. When I'm in the Throne Room, I can see Jesus sitting on His Mercy Seat and there are others there too as I'm never alone in the Throne Room. I have asked about the shawl and my "new look" and the word "Deborah" came. I was reminded of a book I had just previously read by Jim W Goll -Kneeling on the Promises: Birthing God's Promises through Prophetic Intercession, where he rhetorically asked "where are the Daniels, the Deborahs, the Jeremiah's..." people who will intercede for Israel and their communities? I believe I am being prepped to possibly be some kind of Deborah in my community. Judges 4 speaks of Deborah. I will pray and wait and see what comes.

I went to the vision area as I always do, met my 2 Saint friends and looked at the screen. The vision opened up to another white rocket about to be launched. I thought I was having a repeat vision so I stopped and tried again. The missile remained. I understood that it's a new vision. My perspective was a good distance away as I saw me standing on the launch pad to the right of it with the exhaust billowing out from the bottom. It launched and I watched it fly into the sky. I asked Jesus where it was headed and He said: "Israel." The screen changed and I saw the face of the Iranian leader Hassan Rouhani, then Putin filled the screen, then President Trump. Then I saw a picture of a hospital. The screen changed I saw Israelis running and screaming. There was chaos and smoke in the air. I understood that the weapon fired on Israel is from Iran but is backed by Russia. I understood that Trump will possibly be incapacitated and unable to help with this situation. I did ask a few questions in the area of when this is on the time line and He said I don't need to know that. That will take care of itself.

Hope note - I am seeing much about ministries and am wondering if the Lord is being more specific about each individual's purpose for the Bride at this time (before the Transformation). I'm just guessing...but I recall Sharlene's previous Vision where God says "Are you ready?!" He has said this in other Messages I've read, and I too feel myself being pulled to look more into one area. Still keeping the website though! :)

Vision #100 - The Deal part 1

08/29/18 Wed

I went to the bench as I always have been doing after my time in the Throne Room. I spoke to Jesus about some personal matters then proceeded to the vision area. One thing I will pass on and share with you is that Jesus is not a God of guilt. I misunderstood a prophet of God regarding taking vacations and Jesus set me straight and explained what the prophet meant. Prophet Sahdu—whom Jesus confirmed as a prophet of God—said something about no more vacations or trips as it's time to do kingdom work. I thought he meant no more planning trips from now on and only do kingdom work. I misunderstood and missed the message that it's about where our FOCUS is. So many people strive and live for their vacations. Jesus wants us to strive and live for doing His work in the kingdom. A vacation is a blessing and a time for rest. Even Jesus took rests away from people. We should always be working for Jesus but it's ok to plan a vacation.

[Back to Table of Contents](#)

I greeted my now 3 Saint friends and turned to view the screen. It opened up to see President Trump walking towards leaders/dignitaries seated at a table. He shook each one's hand and sat down with them. They were all sitting on one side of the table facing the media who were taking pictures and covering the event. Trump looked determined and confident. I saw PM Netanyahu, and an Arab leader or what people call a Palestinian possibly and 2 others who I couldn't make out as their identity was obscured. I didn't understand this vision as I thought Jesus has shown me something similar of this before. But Jesus doesn't allow me to see something without a reason. I understood that Trump is determined to get a deal done. I wasn't sure if the vision represents that it gets done here or rather that there is still a work in progress and Trump is determined to keep on making attempts to get a deal completed. Continue to pray for wisdom for President Trump and against deception.

Vision #102 - The Deal Part 2

09/07/18 Fri evg

After my time of P & W in the Throne Room, I met Jesus at the bench as I have been doing but I found myself walking around and talking with Him. We didn't walk far. I just remember walking slowly in that corridor with some pillars in the background- nothing new. One thing I will share is that I asked what one of His highlights of the day was and He showed me a picture of a newborn baby. I understood it was a miracle baby born to a couple who chose not to abort their child after Dr.'s told them it would be born with defects and would be sickly and never be a normal child. So, God manifested His glory and that baby was born in perfect health! I'm sure the medical staff were in shock! God is still in the business of miracles! PTL! Thanks for sharing that Jesus!

I went to greet my Saint friends and a fourth Saint friend joined the greeter group! I guess the more the merrier! We turned to view the screen. It opened to see PM Netanyahu standing on the right hand side of the screen facing right, discussing something with a couple of other leaders with him. One looked like an Arab. (He wore a white robe with a headpiece which I've seen before.) The other dignitary I wasn't sure of. On the left side of the screen, stood Trump with his back facing Netanyahu having discussions with another group whom I couldn't identify. They were not aware of each other (not in the same room) yet I understood it was part of the same thing. I asked Jesus if it was related to the previous [vision #100](#) I had about discussions at a table. He said "Yes." "Discussions will always be on going. The Palestinians will never agree to anything until the man of lawlessness comes in and perfects the facilitated discussions to a deal." I understood we need to continue to pray for Trump and PM Netanyahu for wisdom and discernment.

Vision #107 - The Third Temple

09/27/18 evg.

This vision began in a different area in the Temple. I was praying in a different place with other Believers who are also praying for Israel. I was wearing a prayer shawl as were all the others. The area is veiled as

Back to Table of Contents

I can only see the floor and some parts to my right which is an expanse area with tall pillars to the far right. I've been here often when I pray for Israel. This is also where I've seen God as a huge lion. It is not the Throne Room. After my prayer time, I went to the white bench as I always do but I don't know how I got there. I was just there. Jesus shared that a highlight of His day was seeing the persecuted church stay strong in their faith despite their persecution. (He showed me people of China and Middle East) He said that they are very weary and that we need to continue to pray for the persecuted church/Believers in Asia and around the world.

I went to the vision area, greeted my 4 Saint/Believer friends and group and turned to the screen. It opened up to see the Dome of the Rock on Temple Mount, Jerusalem. The scene changed as I saw a white building under construction. I saw a large crane working at a building site. The building was a good size. I asked Jesus if this is the 3rd Temple and He replied "Yes." I asked where and He replied: "It is being built in Jerusalem." He didn't say where specifically. I asked when and He replied: "Very soon." Then I saw pictures of Trump, the Pope and Obama and the evil one but only as his evil form as I am not to know his human form identity yet. I understood that Trump will be involved by assisting a deal to establish what must take place to fulfill prophecy. He has a desire to be the one to get a deal done. (personal and political gain at this point and not necessarily because of misdirection) Obama and the pope, who is the false prophet, are all under the influence of the antichrist. Jesus did say that the ac will erect an image of himself and proclaim that he is God in the temple, opening the eyes of Israel of his deception. (we read of this in Rev 13:15 and 2 Thes 2:4) This is all must happen to fulfill prophecy before He returns.

Vision #109 - Intimidation

10/03/18 evg

I was in the Throne Room P&W and praying as I always do. During my time praying Ps 91- where I am usually travelling on my eagle and declaring Ps 91- I came to that disaster I saw in vision #108. But my perspective was facing the land so on the other side of the ships. It was a close up as both ships had not sunk yet but people were in the water, some alive some dead. So I continued to declare Ps 91 over them. Then I saw a giant wave come and push everything towards land. I understood that it was a tsunami wave. Oh my. I do not know where or when this will occur. I pray that there were people saved that day. Sigh.

Meeting with Jesus at the white bench, I asked what His highlight of His day was and He said that seeing me serving with joy today was pleasing to Him and gave Him glory. (I had been weary and there was little joy in my serving) I understood that it's important to serve with joy and it's a choice. But taking the time to rest in Him is very important too- as well as spreading the kingdom work out. A lesson for us all.

I went to the vision area as I always do, met my 4 Saint friends and turned to the screen. It opened up with a red flag with a black dragon on it waving in the wind. I understood it represented China. Then I saw a larger map of Asia and an arrow pointing from China to Israel.

Back to Table of Contents

Netanyahu's picture flashed. I have seen a similar vision where China and Russia join forces and come against Israel. I asked Jesus why another? I understood it was to remind us that Russia and China come together to intimidate as a super power. China's army is growing and they come as wolves in sheep's clothing. China's support of Russia is a foreshadow of what is to come. I recalled my earliest visions of the attack on USA. I don't know which attack comes first; USA or Israel. But one thing is for sure, there is a war coming to Israel and there is an attack coming to the USA. Continue to pray for wisdom and protection for Trump and Netanyahu.

Vision #111 - The Asian Attempt

10/09/18 Tues. evg

During my P&W and prayer time in the Throne Room and as I was praying Ps 91, I was travelling with my eagle and we came to a scene with someone abandoning a baby. The child was wrapped up and placed on a doorstep of a home on a tiny street cramped with homes tight next to each other. I thought it might be in Asia somewhere, possibly China. I picked up and prayed over the baby. The angels were there too and kept the child safe. It reminded me of the scene from that documentary of a Chinese orphanage that takes in abandoned babies; I think it's called the [Drop Box](#).

Coming back from that, I went to see Jesus at the white bench. He told me to follow Him. So He took me to a place somewhere just beyond where we were sitting. We went up some steps and came to a simple square looking chair or seat. It had a back, sides and legs which were thick in appearance. It was gold and was empty. Jesus said that the seat is the Father's reward and is waiting for those who remain faithful and obedient and have kept the faith even under persecution. I understood that there are more of these seats waiting for the Saints.

From there I went to the vision area, greeted my four Saint friends and turned to the screen. It opened up to see Trump standing at that podium I have seen before in a previous vision. He was speaking, giving some kind of an address. There were people sitting behind him. This time I had a close up of his face and upper body while he was speaking. I heard a shot sound and immediately knew it was a gunshot. Trump was hit in his right lung/shoulder area. The scene moved in slow motion now where I saw his eyes widen and his head snap back like in whiplash and he fell behind the podium. It was chaos after that; people were screaming, moving off the platform as Trump was immediately surrounded by help- agents, body guards etc. I asked Jesus if he dies and He replied: **"No."** I understood that he is wearing a bulletproof vest or something to do with that. There is still a planned attempt on his life. Jesus said that **"My mercy for the USA will remain as long as Trump is in office."** Then I understood that there have been foiled attempts on his life that we are not aware of because of the prayers of the people. We need to keep praying for the safety of your president. (see visions [29](#) and [74](#))

Another potential Trump & Kim meeting in the works? Possible attempt could be during this time: <http://interaksyon.com/breaking-news/2018/09/11/133678/north-koreas-kim-asks-trump-for-another-meeting-in-very-warm-letter/>.

Vision#113 - Wolf in Sheep's Clothing

10/13/18 Sat evg

During my time in P&W and prayer time in the Throne Room, I experienced something new in the spiritual realm. Someone I know of, but not personally, was needing prayer and encouragement. He was beside me and was grieved. So I prayed over him—feeling rather awkward and inadequate because of who he is. But he said that “We are the same before God. My gifts don’t make me higher than you.” Jesus reminded me that he is a human and all humans need prayer and encouragement. (which I know but I guess I needed to be reminded) So, I laid hands on him and prayed Ps 91 over him and tried to encourage him the best I could. I leave his identity anonymous.

I went to the bench to visit with Jesus. He spoke a bit about what I experienced. Then I understood why the man was grieved. Jesus was grieved with him. Jesus knows and cares for the condition of everyone’s hearts. He cares deeply.

From there I went to the vision area. I greeted my 4 Saint friends as I always do turned to greet some others and turned to look at the screen. It opened up to see a marching army in green with an interesting way to march. My perspective changed as I then saw the President of North Korea standing in black watching the military march by from a balcony. It was like some kind of show of military strength or like a type of military inspection. The picture changed and I saw Trump and Kim Jong Un shaking hands at some kind of meeting. There was media present as cameras flashed and discussions were going on. Then I saw the face of Kim Jung Un turn into a wolf while sitting in the same room as Trump. I understood that President Un is a wolf in sheep’s clothing. He says one thing but means another. Jesus mentioned that if Kim Jung Un doesn’t repent he will be removed as leader. The thought of King Nebuchadnezzar came to mind. He was warned by Daniel to repent and change his ways but King Nebuchadnezzar refused. (Dan 4:25). “Then 12 months later as the king was walking on his roof of his palace he proclaimed: “Is not this the great Babylon I have built as the royal residence by my mighty power and for the glory of my majesty? Even as the words were on his lips, a voice came from heaven “This is what is decreed for you, King Nebuchadnezzar: Your royal authority has been taken from you...” Dan 4:28-31 “God changes times and seasons; He deposes kings and raises others up...” Daniel 2:21

Hope note - on Sunday Oct 14 at 4:27 EST, I sent a link regarding what a group of witches were planning for Kavanaugh to Sharlene. Several hours later...she had the following vision:

Vision #120 - Dark Entity

11/06/18 tues evg

In my praise and worship time in the Throne Room, I noticed a choir again. I didn’t see how big it was but when I looked, I always saw my mom singing. It was like I had a close-up of her. I didn’t get to see who was around her. I believe they were singing whatever songs I was singing—it was like they were

Back to Table of Contents

singing along. :-) The choir was to the left of Jesus' Mercy Seat. During my prayer time of Ps 91, I was in spirit travel and found myself declaring over Trump and the government in that Capitol Building in Washington. I understand they need prayer.

I went to the vision area. I was tired so I just went to look at the vision right from the bench. It opened up to see Trump speaking; addressing people from a podium. I saw his dark suit with his trademark red tie. Suddenly a dark entity zoomed by his face causing his body to jerk back and his head to turn as if he had been hit. But there was nothing there. He seemed to have felt it. I saw some people around him that were controlled by other demonic entities. I understood that we need to continue to pray for President Trump. He is under demonic attack.

Vision #123 - No Straddling the Fence

11/19/18 Mon am

I was spending quiet time with the Lord Jesus (Yahushua :) and He showed me a legion of angels to remind me who is battling with me. I needed to see that as recently I have been battling in the spirit in my community. Thank you, Jesus for that reassurance.

I went to the vision area after that and greeted my 4 Saint friends, the group and looked at the screen. It opened up to a portion of brownish picket fence approx. a meter high or so. (it had maybe 5 vertical boards) Then the perspective changed as the fence changed colour to white and grew in length. I saw Jesus walking through the gate of this fence and stood by the outside opened gate. As He stood by the opened gate, I saw two family members that I have been praying for their salvation for some time, walk a very short distance with the fence in the background towards Jesus. There was joy on their faces. When they reached the gate, He greeted them warmly and ushered them through! Tears of joy!

Then the perspective changed. This time I saw Trump closely walking along the white fence and he walked along it for a while, looking very concerned and burdened. That's where it ended.

The first part of the vision is self-explanatory.

I understood that the second part of the vision regarding Trump is that he is burdened with decisions and he may not like the ones he will have to make. He is struggling as he is walking so closely to the fence. I understood that he will undergo pressure from others in the government to make choices that he may not entirely agree with and it will appear that his faith is on the fence. Jesus said that we need to: **"Continue to pray for Trump."**

The fence represents a spiritual boundary or border for a Believer. When a Believer is committed to Christ, by faith, they live out their lives in obedience to God. When a Believer is uncommitted; living a life of hypocrisy and compromise and refusing to repent, that is lukewarmness. That's like sitting on or straddling the fence. Jesus gave me Rev 3:15, 16&19 as a warning to those who are uncommitted: **"I know your deeds, that you are neither cold nor hot. I wish you were one or the other! So because you**

Back to Table of Contents

are lukewarm- neither hot nor cold- I am about to spit you out of my mouth!...Those whom I love I rebuke and discipline. So be earnest and repent.” A sobering warning!

Sharlene note: My family who I've been praying for so some time were not saved very long before they died. They did choose Jesus before they died and were warmly greeted into heaven. It just stands that we must not give up praying for the lost. A decision for Christ can be made right up to a person's death. Every prayer is heard and is important!

When Sharlene receives new visions/words, they will be updated and placed on the .pdf found here:
